**DETAILED ACTION**

**EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jay Finkelstein on 3/27/06.

The application has been amended as follows:

In the claims

Cancel claims 35-59.

*Allowable Subject Matter*

Applicant has amended the claims 1-34 to overcome the prior art rejection of the previous office action. Claims 1-27, 29-34, and new claims 60-62 are allowed. The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose or suggest either in singularly or in combination the following limitations and other elements in the claims. References Ohno et al. and Bour et al. do not disclose:

- At least first and second semiconductor layers made of material providing an initial overlap between the conduction and valence bands, and having a selected layout of the heterostructure layers providing a quantum mechanical coupling between an electron quantum well and the hole quantum well.
- A plurality of subbands including the substantially equidistant neighboring subbands.
- A condition of multiple resonant radiative transitions substantially of the same frequency of the THz spectral range.

Therefore, the above references do not disclose the claimed invention of present application and claims 1-27, 29-34, and 60-62

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Wai-Sing Louie whose telephone number is (571) 272-1709. The examiner can normally be reached on 7:30 AM to 4:00 PM.
